ALL-STAR QUINTETS

COMMITTEE NAMES LEADERS IN BASKET BALL TOURNEY

ALL FROM 3 SCHOOLS

Richmond, New Hampton and Tarkio Players Divide Honors in Ten Places—How They Stand

All-Northwest State Teams.

First team—C. Whiteman, Richmond, captain, forward; Swartz, New Hampton, forward; Kidney, New Hampton, center; S. Whiteman, Richmond, guard; Boettner, Tarkio, guard.

Second team—Detwiler, Richmond, forward; Kyle, Tarkio, captain, forward; Campbell, Richmond, center; Low, Tarkio, guard; Johnson, New Hampton, guard.

Honorable mention—Gray, guard, King City; S. Utz, guard, Benton; Young, guard, Pattonsburg; York, guard, New Hampton; Hayes, center, Benton; Littel, center, Tarkio; Funk, forward, New Hampton; Duffey, forward, Pattonsburg; Bunker, center, Oregon; Kirby, guard, Maryville.

Above are all-Northwest Missouri high school basket ball teams, selected on the showing of the various teams which played in the Northwest Missouri High School Basket Ball tournament, which closed at the Normal school Saturday night. The selections were made by a committee of three, composed of Walter Hanson, and H. P. Swinehart of the Normal school, and L. H. Mann, sports editor of the St. Joseph Gazette. This committee was appointed by the board of control of the Northwest Missouri Inter-High School Athletic association for the purpose. Richmond high school won the tournament, and Tarkio and New Hampton were the only other teams which reached the semi-finals, and the players of these teams fared best in the distribution of honors. The selections of men for the various positions were unanimous in every instance.

With the exception of Megede, back guard on the Richmond team, no player of the down state aggregation could be left off of the two mythical all-star fives. Richmond high school holds the championship for foot ball in the association, and took the tourney in basket ball, proving the class of the southern contender in the Northwest Missouri association.

C. Whiteman, forward on the first team, hails from Richmond, and was undoubtedly the best man in the meet. He stood out even among his team mates, who showed class all over. The Richmond man is fast, is tall enough and carries weight enough to play on almost any college team in the state. He is untiring, speedy and leads his team with heady playing. In his reverse turn, and squirming out of a guard's way, he is unbeatable as far as high school men are concerned. Because of his playing ability and his leadership he is given the captaincy of the first team.

Swartz and Kyle Almost a Tie.

J. Swartz of Hampton is chosen as the other forward on the all-Northwest Missouri team and would make an admirable running mate for the Richmond man. He is tall, fast and counted as good a basket shot as there is in the association this year. He was given the place on the second team by a narrow margin, as the showing of Kyle of Tarkio in Saturday's games make that man practically even with him. Kyle is short and rather light but was the shiftiest man playing in the tournament. He is a great dodger, has a reverse turn and a follow dribble that is good, and sticks to the biggest men on the court. He is placed on the second team and given its captaincy. Detwiler, second Richmond forward, is the fourth of the honor men. He is a floor man of ability, shoots well, and is in the game every minute.

Kidney of New Hampton is placed as all-sectional center, because of his work in the games at the meet Friday Saturday, however, he fell down noticeably in the Tarkio game because of sickness and was almost beaten out of his place by Campbell of the Richmond team, who was placed as the pivot man on the second team. Kidney outjumped his opponent throughout every game played and has a good basket eye. He plays the floor well and is a man difficult to guard. Campbell, selected as second team center, played a classy game on Saturday, but his showing up to that time was mediocre. He is as good as any

TEACH HOW TO SUBSTITUTE

Wednesday, April 10, will be registration day for all women of Maryville and Nodaway county, who wish to enroll for the special course in home economics provided by the national food administration. On this day Mrs. W. K. James and Mrs. Gray of St. Joseph, official heads of the work in Buchanan county, will address the women at a general meeting to be held in the afternoon. This meeting will probably be at the Empire theatre.

An enthusiastic crowd of women, from all over the county attended the meeting at the Empire Saturday afternoon, called by Miss Bertha Beal, county chairman of food administration. This meeting was to present the plan of these special courses and Miss Beal was assisted by Miss Hettie Anthony, state demonstrator.

A number of lieutenants, working under Miss Beal began the work today of canvassing the women of the city and will continue the work until every woman has been urged to take up the work which is of the greatest importance at this time of the year.

The courses provide for twelve lessons each, at a cost of 25 cents per course, the money being used for the materials consumed in the demonstrations. This work will be started as soon after registration day as is practical.

Miss Hettie Anthony, in presenting the work stated that the food administration wanted to show by this plan that the word "save" had been over emphasized and the word "substitute" overlooked; that the administration "wishes and needs us to restrict ourselves in the use of a few staples and at the same time make a wise use of the substitutes.

FEDERAL FARM AGENT HERE

That the farmers of Nodaway, Atchison and Andrew counties may have aid in getting the best results from the planting of corn and other crops, J. M. Huston of the United States department of agriculture has been sent to Maryville and will have headquarters here, working in the other two counties named also.

In the absence of a farm bureau and farm agents in these three counties, Mr. Huston will lend his aid and assistance in farm development work at this time particularly in testing seed corn, which is urged by the government. He will aid in testing seed corn for all who desire it done and urges that farmers who are expecting to plant lose no time in bringing their seed to be tested. Mr. Huston works in co-operation with the Missouri state univrsity and college of agriculture and with headquarters in Maryville will be at the service of community clubs or individuals who are interested in farm development work along the lines urged by the federal government.

On Wednesday he will be joined by J. C. Hackleman, specialist in crop extension, who will also devote his time to work in the Maryville farm bureau district.

These men are sent to this section in recognition of the fact that this is the center of the northwest Missouri corn belt and that this year an emergency exists in the matter of good seed corn, making tests almost imperative.

GIVE "THE PARISH PRIEST"

On next Monday night, April 1, the Maryville Dramatic Club will present under the auspices of the local court of the Catholic Order of Foresters, the three-act dramatic comedy, "The Parish Priest," the well known play written by Dan Hart. The play will be given at the Empire theatre. The cast of nine players has been chosen from Maryville's best amateur theatrical talent and under the direction of Verne Alderman, who was formerly a member of the original professional cast, promises one of the most enjoyable performances ever given here.

The characters in the play are:

Michael Sullivan.....N. B. Thompson
Kate Corrigan.....Minnie Alderman
Agnes Cassidy.....Helen Tobin
Frank Dougherty....Ernest Sherlock
Dr. Cassidy.....John S. Gross
Dr. Ned Welsh.....Paul Buhler
Nellie Durkin.....Goldie Pope
Jim Welsh.....Henry Seiple
Father Whalen.....I. V. Alderman

"The Parish Priest" will be correctly costumed and every detail will be given proper attention. It should prove refreshing from the fact that it has no villain to "still pursue her." Rehearsals have been in progress for the past several weeks.

OLD RESIDENT DIES

CAPT. JOHN GRIGSBY OF SKIDMORE WAS 92 YEARS OLD

SERVED COLORS IN 1862

Had Lived in the Burr Oak Neighborhood for Fifty-nine years — Funeral Tuesday Morning

Captain John Grigsby of near Skidmore, a resident of Monroe township for over half a century, died at four o'clock Sunday afternoon after an illness of several months. The funeral services will be held at the Burr Oak Methodist church Tuesday morning at ten o'clock, conducted by the Rev. Sauceman. Burial will take place at the Burr Oak cemetery.

Mr. Grigsby was born in Hardin county, Kentucky, on December 18, 1836, and moved with his parents to McDonough county, Illinois, and settled on a farm. There John Grigsby spent his boyhood years, receiving his education in the schools of the neighborhood. On September 7, 1847, he married Clarissa P. Hays, a native of Washington county, Kentucky, and a sister of J. T. Hays of Maryville. Mr. and Mrs. Grigsby remained in McDonough county and in 1853 Mr. Grigsby engaged in the mercantile business at Blandinsville, Ill., continuing in that line until 1859, when he came to Nodaway county and settled where he had resided since in the Burr Oak neighborhood. During the subsequent years he devoted himself closely to the cultivation of his farm and the raising of live stock, and the Grigsby apple orchard is noted over this county.

In 1862 Mr. Grigsby received a commission as captain in the Missouri Enrolled Militia, and in 1864 he enlisted in Company I, forty-eighth regiment Missouri Volunteer Infantry, of which company he was commissioned captain. In 1865 he was sent to Camp Douglas, Chicago, being assigned to guard duty, and was afterwards ordered to St. Louis. He was mustered out on July 3, 1865, and then returned to his family in Nodaway county. Mrs. Grigsby died on July 11, 1905. Mr. and Mrs. Grigsby were the parents of three children, all now dead. Mr. Grigsby is survived by two grandchildren, John and William Barber of Skidmore.

Mr. Grigsby was a member of the Methodist Episcopal church and a member of the Ancient Free and Accepted Masons.

TWO DESTRUCTIVE FIRES

Fire today shortly before noon partly destroyed the colored Baptist church on East Fourth street with a loss of approximately $1,000, partly covered by insurance. The fire started from burning grass in the yard adjoining, and before he was aware of it William Palmer, who was raking his yard, saw smoke coming from the cupola, the blaze having worked up under the side boards of the building. The cupola was burned off and the south half of the edifice badly damaged.

The department was delayed in getting to the fire, being directed to the Baptist church on Market street. Seeing the fire from that location they lost no time in getting on the scene, only to have a joint of hose break, delaying them still further. William Pride, ignoring a warning not to drive over the fire hose, was arrested by Officer Eph Tilton and will have to explain to Mayor Robey in police court.

Fire yesterday at 11:45 o'clock in the morning, at the home of H. J. Becker on East Third street, did damage to the extent of $600. It was caused presumably from a bad flue. Mr. Becker sustained the loss of a part of his household goods while the building owned by Mrs. Byers was damaged to the extent of approximately $600. The fire did not get below the second story.

JAMES COLVIN'S MOTHER DIES

James Colvin of Maryville has received word of the death of his mother, Mrs. Elizabeth Colvin, which occurred at 9 o'clock Saturday night at her home in Memphis, Mo., following a long illness of a complication of diseases. Mrs. Colvin is the oldest resident of Scotland county.

Clifford C. Coile In France.

Rev. and Mrs. S. A. Coile received word Saturday of the safe arrival in France of their son, Clifford C. Coile, of the Seventh U. S. Engineers, formerly stationed at Fort Leavenworth, Kans.

DEATH OF FORMER TEACHER

Miss Manchia Belle Marshall, a niece of Mr. and Mrs. Gustavus De Lana of El Reno, Okla., and a former resident of Maryville, died in Mercy hospital in Des Moines, Ia., March 4, from mastoid culminating in paralysis. She was born at Ames, Ia., April 12, 1867, and was graduated from the Chariton, Ia., high school in 1886. For many years she was engaged in educational work, having taught in the local schools for more than ten years. She was a member of the P. E. O. society for years and while a resident of this city was an untiring worker in the Maryville chapter. Miss Marshall had been a resident of Indianola, Ia., for eight years and the funeral services were held from the First M. E. church in that city Tuesday, March 5. The body was taken to Chariton for burial by the side of her mother, a brother and sister.

FORCES GET READY

LIBERTY LOAN WORKERS WILL BE READY FOR DRIVE

PLAN BIG CELEBRATION

Executive Committee Meets This Afternoon, Following Suggestion From Secretary McAdoo

The fifty-four men who are to be in charge of the Liberty Loan drive outside of Maryville met at the Farmers Trust company Saturday afternoon and discussed plans for the campaign and matters in connection with their work. At a meeting in the morning the twenty-four soliciters for the twelve districts into which the Maryville school district has been divided met with Chairman W. C. Pierce and received instructions for their work. This afternoon the executive committee will meet to outline a program in celebration of the start of the drive on April 6 as requested by Secretary McAdoo.

The biggest drive for funds with which to prosecute the war is going to start with complete organization and nothing will be overlooked that will help in making it a big success. Nodaway county workers are enthusiasti and optimistic over the result of the coming drive and believe that we'll go over the top.

The solicitors for the district will be furnished with two cards for each person upon whom they are to call. One of these cards will be for the recording of subscriptions. The other will be to record the name and the reason for non-subscription of those who do not take out bonds. These cards will be recorded and the records sent to the office of the United States treasury department, together with a record of the financial condition of the respective persons.

It has been shown that the first and most necessary thing to do is the getting of information regarding the financial ability and the general attitude of each citizen toward the war. The mobilization of information is just as necessary as is the mobilization and whipping into shape of our fighting men.

The big demonstration and celebration commemorating both the first year of the war and the beginning of the third Liberty Loan drive is expected to be one of the biggest events Maryville has ever witnessed and the plans of the committee will be announced tomorrow.

THE DECLAMATION WINNERS

In the preliminary declamation contest held at the High School Saturday morning to determine the contestants to represent the Maryville High School in the sub-district contest on April 20, eight were chosen as follows: Etha Henderson, Mildred Shinabargar, Mabel Raines, Mary Miller, Jennie O'Neal, Lucile Wiley, Marie Cloud and Sterrill Bishop. Of the eight who will compete for the honor to represent the school in the sub-district contest on April 20, the winner will also be presented with a medal. The second elimination contest will be held at the High School on April 5.

RICHMOND CHAMPS

PAD SCARLETT'S QUINTET WINS FINAL GAME IN MEET

TARKS PLAY FAST GAME

Winners Eliminated From Trophy Cup Honors Will Be Given Banner By the Normal School

Playing the best game and completely outclassing the gamest team on the Maryville court during the Northwest Missouri High School basket ball tourney Saturday night, the fast Richmond team swept into first place and captured the highest honors of the meet. The score was 49 to 25. The winners are easily the best team that has been seen on the local court this year and rightly deserve the tournament honors by their showing.

The Richmond team won their way into the finals by defeating Maryville, Bethany and King City, while Tarkio won from Oregon, King City and New Hampton. In every game the two winners showed themselves to be better than their opponents.

"Dad" Scarlett, coach of the Richmond team, said during the game that this was the only contest during the tourney in which his five had extended themselves. Every man on the team played like a cog in a machine.

The game opened with the teams apparently even, although the fast and seemingly tireless work of C. Whiteman soon gave the down state quintet a lead that was never overcome. Kyle for Tarkio dropped a couple of free throws in the basket and at one time, after five minutes of play, the score stood 3 to 2, the closest the two teams ever stood.

The two Richmond forwards seemed to cover the floor, and with the aid of Campbell, one of the best centers at the meet, and the guarding of S. Whiteman, the Tarkio team was completely smothered and prevented from using any sort of team work or from scoring from the field.

Detwiler, working with C. Whiteman, scored time after time, and the occasional work of the Tarkio team, led by the diminutive Kyle, was too infrequent to come near the score of the winners. The half ended with the Tarks fighting strong but still outclassed with a 21 to 10 score.

For the first three minutes of the second half it looked as if Tarkio would come back, but after that the team's showing seemed to come in sparts and most of the time they were on the defensive, fighting a losing battle. C. Whiteman made seven of his total of the twelve field goals in the second half.

The Richmond team, having failed to play enough games with the teams in the association cannot hold the association title nor trophy cup, but holds the championship of the teams in northwest Missouri through its showing. The team will receive a banner from the Maryville Normal school, giving it the championship. The line-up and summary:

Richmond		Tarkio
C. Whiteman	F.	Kyle
Detwiler	F.	Boettner
Campbell	C.	Littell
S. Whiteman	G.	Low
Megede	G.	Brown

Goals from field: (Richmond) C. Whiteman 12; Detwiler 5; Campbell 4; S. Whiteman. (Tarkio) Kyle 3; Boettner 3; Littell 3.

Goals from free throws: (Richmond) Campbell 5 out of 10. (Tarkio) Kyle 7 out of 13.

Referee: Hanson.

Umpire: Palfreyman.

Time of periods: 20 minutes.

HUNS STILL SHELLING PARIS

Paris, March 25. — French forces have relieved the British on part of the battle front in the Noyon sector, the war office stated today. The Germans launched a series of heavy attacks against the French lines in that sector. Hard fighting is reported and German pressure against other parts on the French front are increasing.

Paris, March 25.—Paris is still under bombardment today by unseen forces. Shells began falling upon the city before seven o'clock this morning, but the people remained calm. The responsibility for the daily bombardment still is as much a mystery as ever. A report that the German cannon had been located seventy miles away is not confirmed and many French experts still believe that airmen flying at high altitudes were responsible.

The comments of the French press are about evenly divided between the big gun, which is bombarding the city from back of the German lines and the terrific battle raging on the British front. The tone of the comment on the bombardment is one of astonishment at the feasibility of the performance, while as to the battle the favorable ending of it is confidently expected.

The newspapers do not conceal their admiration for the mechanical feat of the Germans in constructing their new weapon, but speak passionately of the useless barbarity of the bombardment.

GERMANS CAPTURE BAPAUME

BERLIN CLAIMS TO HAVE REACHED THEIR FIRST HIGH OBJECTIVE

PAY AWFUL COST FOR TERRITORY REGAINED

French Relieve the British On Part of Front as the German Pressure Increases

Berlin, March 25.—Bapaume, which has been the storm center of fight along the western front, has been captured by the Germans, was claimed by the war office today.

Bapaume and Nesle, which have been the storm centers of terrific fighting on the western front, have been captured by the Germans, the war office claimed, and in an official statement claimed further that the number of Allied prisoners had been increased to 45,000 in the first five days of the German offensive.

The war office again made mention of American troops, saying that French and American forces were "thrown back through the pathless, wooded country by way of Neville and Calmont." Desperate fighting for possession of Coubles developed this afternoon.

London, March 25.—Powerful counter attacks delivered by the British south of Peronne have thrown back the Germans from the western to the eastern bank of the Somme river, the British war office announced. At the same time the Germans renewed their storm of assaults against the British defensive positions in the Bapaume sector, but were driven back with severe losses. The fighting at Bapaume was resumed this morning after a lull of a few hours during the night. It is officially announced from Paris that French troops reinforced the British along the southern end of the battle front.

Washington, March 25.—A formidable enemy offensive will be launched on the Italian front as soon as conditions allow, say officials. A dispatch from Rome this afternoon says that Bapaume, midway along the fifty-mile front, is the chief prize for which

GERMANS CAPTURE BAPAUME

(Continued from Page 1.)

the Germans have been struggling for the past twenty-four hours.

With the American Army in France, March 25.—American officers declared today that the present situation on the western front is the most critical confronting the Allies since the battle of Marne. They don't except Verdun. These officers pointed out the necessity for plain speaking now so the people at home can realize every effort is necessary on their part in order that the foe can be beaten.

The American positions are under fire of born German aircraft with poison gas and the artillery, the chief features of the biggest battle. This sifts the day's struggle.

It is now estimated two million men are engaged.

The Germans at cost of terrible loss of life were able to extend their lines, occupying Peronne, Ham and Chauny. The Germans have recaptured about one- third of the district they evacuated in their retreat in the spring of 1917.

Washington, March 25.—The German advance has slowed up materially, official advices reaching here today said. The British are holding the enemy at all points and although still fighting on the defensive the situation seems materially clearer although the end of the present battle is not in sight.

Supreme confidence of the final outcome in Washington today was followed with the deepest interest in the progress of the greatest battle of the war. In the war department and in allied embassies and legations every possible bit of information was carefully weighed.

Everywhere experts agreed that the Germans were paying a price out of all proportion to the advantage gained.

The war department was entirely silent about that part of the German official report sent from Berlin, which said "portion of France - American reserves who had been brought up were beaten." It was stated that American units recently were reported operating near LeFere.

Another Whiteman Lands.

S. Whiteman of Richmond, brother of C. Whiteman, the sensational forward, is given the place on the first team as running guard, with no opponent close. He is speedy, always defensive when the other team has the ball, plays his man, jumps well and when Richmond has the ball is there to take a shot when the others are covered. Besides that he has the weight and weight for the game and uses both to good advantage.

He is one of the cleanest players on the court in the meet.

Boettner of Tarkio is placed as the fifth man on the first all-star team, closely followed by Low of Tarkio and Johnson of New Hampton. Both of the latter men are given places on the second aggregation. Boettner is a good defense man. He smothers every opponent man who gets within range, gets the ball away fast, has the tip on almost every jump and is full of "pep" all of the time. Low is a great man to play with Boettner as running guard. He is a good dribbler, is a fighter and uses his head. In giving Johnson his place, Grey of King City was strongly considered. Both men play about the same game, but Johnson is the better man in scoring.

Besides the men on the first and second team, the Benton team had Utz and Hayes given honorable mention for the great showing they made in the Rock Port game, although Utz played a good game in the opening contest with King City. Grey of King City, guard; Young and Duffey, guard and forward on the Pattonsburg five; York and Funk of New Hampton, Littel of Tarkio; Bunker of Oregon and Kirby of Maryville were also named in the honorable mention list.

ON GUARD

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin, and feel the exhilaration of real good health tingling thru their body. Good, pure, rich, red blood is the best insurance against ills of all kinds. Almost all diseases come from impure and impoverished blood. It is to be noticed in the pale or pimply face, the tired, haggard appearance or the listless manner.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics. It is made from Golden Seal root, Blood-root, Oregon grape root, Queen's root, Black Cherry bark, extracted with glycerine and made into tablets and liquid. Tablets sixty cents, at most drug stores.

In order to insure pure blood and to build up the system try this tonic known as Dr. Pierce's Golden Medical Discovery. Get it now!

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The cause of Eczema is [illegible] blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day at any drugstore, and you will see results from the right treatment. Write for expert medical advice, which you can get without cost, by addressing Medical Director, Swift Laboratory, Atlanta, Ga.

OLD PAPERS for sale at this office.

Other baking powder manufacturers may SAY what you can save. We SHOW you. We prove it. You can actually see the savings.

That's why housewives, educated in baking economy, insist on using

CALUMET BAKING POWDER

For instance — one spoonful of Calumet will positively do the work of two spoonfuls of most other kinds. You use only a level teaspoonful to a cup of flour. With other brands you must use twice as much. You use the smallest amount of Calumet because you get the greatest gas strength. Besides—Calumet never fails—stops all bake-day losses—reduces bills for baking ingredients. The great savings of Calumet are shown in these results.

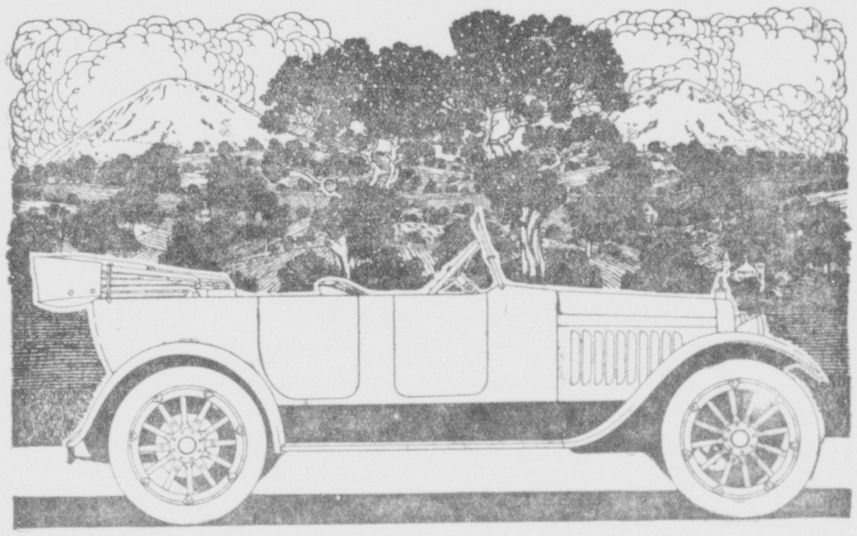
Order a can today — try it. Prove for yourself the truth of these statements.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

HIGHEST QUALITY AWARDS

YOU SAVE WHEN YOU BUY IT WHEN YOU USE IT

An engine that wrings from gas more power than was ever taken out of gas before—through its "Hot-Spot" and "Ram's-Horn" Manifold—Chalmers devices.



Tests of exhaust vapors have shown weaknesses in many engines. By such tests you can always tell how good an engine is.

In the great Chalmers engine so very little in the way of unused or unburned gas comes out of the exhaust as to be almost negligible. The gas is used up—all of it—in the Chalmers.

The moment it passes from the throat of the carburetor it strikes the now noted "Hot-Spot" where it is heated and "cracked-up" and then rushed on to the combustion chambers via the "Ram's-Horn" Manifold.

When the spark touches it off there is translated a power such as a gas engine has never known; all the brute force imaginable, yet tamed down into a softness that is as smooth as deep water.

Once you play with it with your right foot you will be amazed at the thrill it'll give you.
